ALCOTRAZ

Alcotraz offers a setting that breaks away from the conventional, encouraging creativity, collaboration, and strategic thinking among team members. The immersive environment challenges participants to work together to smuggle in booze and navigate interactions with the prison guards, fostering teamwork and enhancing problem-solving skills in a fun and engaging manner.

Alcotraz is a one-of-a-kind immersive experience where guests get absorbed into a storyline that is brought to life around them through characters including The Warden, the Guards and Inmate Cassidy (all played by actors). Those that really want to get involved can really get into character, trying out their American accents and throw themselves into multiple secret missions and storylines. Those that would prefer to sit back and enjoy are welcome to do that too, whilst enjoying personalised cocktails and mocktails in this unique and fun world. Alcotraz knows you will have the best time during the Alcotraz activity, where both drinkers and non-drinkers can have a blast! This is not a physical experience so everyone can be a part of it and we make the best mocktails for those not wanting an alcoholic drink.
